

With 20+ years of experience, knowledge, and networking, I have refined my consulting skills to help my clients shine and flourish exponentially. Technologically savvy and innovative, I continue to learn proactively so I can help my clients and our sales team lead the way, not follow.

My career began as a real estate agent in 1999, I then moved from real estate to relocation services, then into title and escrow three years later. My broad range of experiences from marketing, customer service, special projects with land development services to sales executive gives me a diverse perspective and experience that I'll bring to the Board of Directors position.

I love our real estate industry and everything we strive to contribute to our greater Mid-Valley community. I have a strong work ethic, integrity, and service levels. My value that I would bring is my many years of experience along with my ability to adapt and pivot in this ever-changing market and the member's needs. In the end, it's all about our members.

I applied for this position because I want to make a difference. I want to make a positive impact and serve our Mid Valley Association of Realtors. I love what I do, and I want to bring that passion and enthusiasm to this awesome real estate community. Vote for me!! I want to be here for YOU!
