

As I approach the end of my fifth year as a REALTOR® and Principal Broker with Premiere Property Group, I'm filled with gratitude for the journey so far. After years in commercial asset management and hospitality management, I am fortunate to have found a career I truly love—a unique blend of contracts, negotiation, customer service, and project management.

More than anything, I value the relationships I've built along the way. Every day offers the opportunity to turn colleagues and clients into lifelong friends, and to strengthen existing connections. This spirit of collaboration is one of the main reasons I've applied for this position.

My experience includes serving on both the Mid Valley Association of REALTORS® (MVAR) and Oregon REALTORS® Professional Development Boards. Volunteering with MVAR goes beyond supporting fellow agents and advancing the industry; it's about working with peers across brokerages, sharpening our skills, and navigating market changes together.

In addition to my various real estate certifications (GRI, ABR, MRS, SRS, RENE), I became a licensed Mortgage Loan Originator to further enhance my expertise. My Project Management Professional (PMP) certification, backed by 7,500 project hours, has provided me with strong skills in organization, strategic planning, and effective execution.

I also bring strong community ties and a dedication to volunteerism, which I believe contributed to my winning the 2021 Best of Mid-Valley Award for Best Agent. Whether as a Board Director or in other roles, I am committed to enhancing the professionalism of our real estate community, contributing to its success, and enjoying the process along the way.
